5. Please give details of why you consider the Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.

If you wish to support the legal compliance or soundness of the Local Plan or its compliance with the duty to co-operate, please also use this box to set out your comments.

Table 2 – SWAT Analysis, confirms that there is a demographic imbalance in South Staffordshire, with a higher than average proportion of residents aged 65 or older and a projected decline of families and working age residents. This will lead to a decrease in the size of the employment 'pool' from residents within South Staffordshire. This is against the context of proposals for significant investment in strategic employment sites across South Staffordshire, including I54, Featherstone and the West Midlands Interchange; all of these proposals will result in greater investment and with job opportunities. There is, therefore, an identified mismatch between the potential size of the employment pool from those who reside in the district and the new job opportunities which will be created.

Table 3 – Homes and Communities – Issues and Challenges, advises that there is also a mismatch between existing housing stock and future housing need. There is a requirement to provide smaller residential properties for younger families and older people wishing to downsize and free up family sized accommodation. House prices in the district have continued to increase, making properties less affordable.

There is also a requirement to help to deliver a proportion of the significant amount of housing need arising from the Black Country and Birmingham. Within this context, there is pressure on the South Staffordshire to release land for housing, particularly in the Green Belt and adjacent to existing settlements.

The housing pressures and need to support economic growth should be recognised as an opportunity for the local economy. Whilst this may result in land being removed

from the open countryside and Green Belt, this should continue to be fully supported by the local authority at suitable and sustainable locations.

6. Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified at 5 above. (Please note that non-compliance with the duty to cooperate is incapable of modification at examination). You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

'The Issues and Challenges for South Staffordshire' section of the Plan should be re-drafted to reflect the fact that the housing and employment requirements are an opportunity for the local economy. Delivering sustainable development should be at the heart of the Plan and it should look to facilitate the delivery of this development at suitable locations.
