3. To which part of the Local Plan does this representation relate?

Paragraph Policy Policies Map

4. Do you consider the Local Plan is :

(1) Legally compliant	Yes	<input checked="" type="checkbox"/>	No	<input type="checkbox"/>
(2) Sound	Yes	<input type="checkbox"/>	No	<input checked="" type="checkbox"/>
(3) Complies with the Duty to co-operate	Yes	<input checked="" type="checkbox"/>	No	<input type="checkbox"/>

Please tick as appropriate

5. Please give details of why you consider the Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.

If you wish to support the legal compliance or soundness of the Local Plan or its compliance with the duty to co-operate, please also use this box to set out your comments.

The proposed plan period is 2018 to 2039. Paragraph 22 of the Framework requires Local Plans to have a "minimum" 15 year plan period from the point of adoption. As a consequence, the South Staffordshire Local Plan must be adopted in 2024 at the latest in order for this requirement is to be met. Whilst the Council's LDS envisages that the Plan will be adopted in 2023 this programme may slip and the plan period should therefore be kept under review.

Table 1 – Stages of Plan Making, of the consultation draft Plan advises that it is expected that the Plan will be adopted in "winter 2023/24". There is, therefore, no scope for the plan making process to slip. In our experience the plan making process is often delayed, and there is a real danger that the emerging Plan will not have a minimum 15 year plan period.

In order for the Council's timetable to be met, if the Plan is submitted for examination in "spring 2023", which is likely to be optimistic depending upon the number of objections, there will be approximately 9 months for:

- an Inspector to be appointed
- hearing sessions to be timetabled and completed
- the Inspector to produce their report
- the completion of Main Modification consultation
- any further amendments to the Plan required following Main Modification consultation and Inspector to report back following the completion of the Main Modification consultation; and

- the Plan to be formally adopted by the Council.

From our experience with other Local Plan examinations, the proposed timetable for the adoption of the Local Plan may be unrealistic.

(Continue on a separate sheet /expand box if necessary)

6. Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified at 5 above. (Please note that non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

The Plan period should be increased by a further 2 years in order to ensure that the Plan has a 15 years time horizon. The housing requirement should be increased on a pro-rata basis and additional allocations made in the Plan.

(Continue on a separate sheet /expand box if necessary)

Please note: In your representation you should provide succinctly all the evidence and supporting information necessary to support your representation and your suggested modification(s). You should not assume that you will have a further opportunity to make submissions.

After this stage, further submissions may only be made if invited by the Inspector, based on the matters and issues he or she identifies for examination.

7. If your representation is seeking a modification to the plan, do you consider it necessary to participate in examination hearing session(s)?

No, I do not wish to participate in hearing session(s)

Yes, I wish to participate in hearing session(s)

Please note that while this will provide an initial indication of your wish to participate in hearing session(s), you may be asked at a later point to confirm your request to participate.

8. If you wish to participate in the hearing session(s), please outline why you consider this to be necessary:

We have significant concerns that the Plan period is too short, and this will result in insufficient housing allocations being made in the Plan in order to ensure the delivery of housing and employment land. This is a fundamental issue, and we request the opportunity to discuss it during the Hearing sessions.

***Please note** the Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate in hearing session(s). You may be asked to confirm your wish to participate when the Inspector has identified the matters and issues for examination.*

Representations cannot be kept confidential and will be available for public scrutiny, including your name and/or organisation (if applicable). However, your contact details will not be published.
