4. Do you consider the Local Plan is :

(1) Legally compliant	Yes	<input type="text"/>	No	<input checked="" type="checkbox"/>
(2) Sound	Yes	<input type="text"/>	No	<input checked="" type="checkbox"/>
(3) Complies with the Duty to co-operate	Yes	<input type="text"/>	No	<input checked="" type="checkbox"/>

Please tick as appropriate

5. Please give details of why you consider the Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.

If you wish to support the legal compliance or soundness of the Local Plan or its compliance with the duty to co-operate, please also use this box to set out your comments.

We to Policy EC1 'Sustainable Economic Growth' on the basis that the proposed employment land strategy is not justified or supported by appropriate evidence. The plan policies and related evidence base do not identify sufficient employment land to address the needs of South Staffordshire during the Local Plan period and as such flexibility is required in Policy EC1 to enable additional sites to come forward to address the identified need.

The aim of supporting 'measures to sustain and develop the local economy of South Staffordshire and encourage opportunities for inward investment and further economic development of the district' is welcomed.

Policy EC1 emphasises the need to 'ensure there is sufficient supply of employment land to meet the needs of the district over the plan period' along with 'contributing towards the employment needs of the wider functional economic market area (FEMA) arising from the Black Country authorities. This is key to the achieving the Local Plan's Economic Prosperity Strategic Objective and wider Local Plan Vision.

Policy EC1 states that the existing supply of available employment land and allocations in the plan is enough to ensure there is a sufficient supply of employment land. However, in light of the conclusions of the Savills Industrial and Logistics Needs Assessment (attached as Appendix A), it is considered that there is

a significant shortfall of employment land in South Staffordshire of between 76 ha and 257 ha, based on the scenarios considered. As such it is maintained that insufficient employment sites are allocated within the Local Plan. Further allocations are required to meet the needs of the district and wider FEMA in the plan period. To make the Local Plan sound.

To ensure that South Staffordshire's future employment needs are met, Policy EC1 should be amended to allocate additional employment sites, whilst also providing sufficient flexibility to enable the delivery of additional employment sites, as and when required to address the identified needs of SSDC and the wider FEMA. This is in accordance with our representations to polices DS3, DS5 and SA7.

6. Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified at 5 above. (Please note that non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

It is maintained that based on the existing supply of available employment land and allocations identified within the Local Plan, there will be an undersupply of land for the plan period. As such Policy EC1 has not been positively prepared as it does not meet the area's objectively assessed needs.

It is also noted that there is no agreed Duty to Cooperate position with the FEMA in relation to employment land. Therefore the Local Plan, and Policy EC1, in particular is informed by agreements with other authorities, as to whether unmet employment need from neighbouring areas is accommodated where it is practical to do so and is consistent with achieving sustainable development.

It is requested that the following additional text be included in Policy EC1:

Where evidence indicates an immediate need or demand for additional employment land (E(g), B2 and B8) that cannot be met from land allocated in this plan, the Council will consider favourably proposals that meet the identified need in appropriate locations outside of the district's settlements in the open countryside, subject to proposals:

- a. Being accessible or will be made accessible by a choice of means of transport, including sustainable transport modes, as a consequence of planning permission being granted for the development; and
- b. Having good access to the strategic highway network (M6 motorway) and an acceptable impact on the capacity of that network, including any junctions; and
- c. Not being detrimental to the amenities of any nearby residential properties or the wider environment.

(Continue on a separate sheet /expand box if necessary)
