(1) Legally compliant	Yes	<input type="text" value="X"/>	No	<input type="text"/>

If you wish to support the legal compliance or soundness of the Local Plan or its compliance with the duty to co-operate, please also use this box to set out your comments.

Clowes objects to Policy HC2 as written, as it is not justified. This policy looks for housing developments to achieve a minimum net density of 35 dwellings per net developable hectare within or adjoining Tier 1 settlements, in infill locations with the development boundaries of other settlements or in urban extensions to neighbouring towns and cities.

Clowes does not support this blanket approach, and consider that the determination of appropriate residential density to be a lot more nuanced than the proposed blanket designation taken by the Council. Greater flexibility is required to allow developers to take account of the evidence in relation to market aspirations, deliverability and viability and accessibility. There is a need for low to medium density housing to provide a balanced portfolio of sites to meet all market need, including executive style housing. As written this is not something that policy HC2 seeks to do and is therefore contrary to national policy and guidance.

6. Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified at 5 above. (Please note that non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.
