Paragraph Policy Policies Map

4. Do you consider the Local Plan is :

(1) Legally compliant	Yes	<input checked="checked" type="checkbox"/>	No	<input type="checkbox"/>
(2) Sound	Yes	<input type="checkbox"/>	No	<input checked="checked" type="checkbox"/>
(3) Complies with the Duty to co-operate	Yes	<input type="checkbox"/>	No	<input checked="checked" type="checkbox"/>

Please tick as appropriate

5. Please give details of why you consider the Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.

If you wish to support the legal compliance or soundness of the Local Plan or its compliance with the duty to co-operate, please also use this box to set out your comments.

The strategic objective fails to embrace the need to accommodate the overspill employment requirements from the Black Country, and essentially affects the Duty to Cooperate and is a fundamental element for the test of soundness. The failure to embrace this point means that the plan has not progressed in accordance with the test of soundness and will fail to provide for the overspill needs of the Black Country.

Turning to the test of soundness, the Objector’s position is as follows:

- 1) *Positively Prepared*; The strategy does not meet the areas objectively assessed needs because it fails to identify sufficient employment land to meet the overspill requirements of the Black Country. There is insufficient evidence to demonstrate that, with the close socio economic ties between South Staffordshire and the Black Country, the employment land requirement meets the objectively assessed needs and, given the extremely low vacancy rates on existing employment areas in the Black Country, more land needs to be released to meet the employment needs of the Black Country.
- 2) *Justified*; The strategy cannot be appropriate because it fails to meet the objectively assessed needs and fails to release sufficient Green Belt land to allow allocations to be made to meet these needs. Furthermore, the Objector has pointed out that some of the assumptions regarding employment land requirements are unjustified with reductions being made in certain sectors of

the economy which are unlikely to be affected by Covid in terms of floorspace. Thus the employment land requirement has been set at an artificially low level.

- 3) *Effective*; The strategy would not be effective. It does not provide for employment needs over the plan period. Simply deferring the issue to a further Local Plan review is inappropriate and would mean that the economic benefits of development in terms of delivering the three elements of sustainability set out at paragraph 8 of the Framework cannot be delivered. It is clear from an examination of the draft Statement of Common Ground that agreement has not yet been reached in respect of employment needs and that once these are considered on a proper, objective basis, sufficient land has been released in a plan area which is based suited to meet those needs.
- 4) *Consistent with National Policy*; As noted above, the failure to provide sufficient land to meet the reasonable overspill requirements of the Black Country means that the plan is not in alignment with the economic objectives of sustainability and the provision of economic opportunities as set out at paragraphs 8a and 81 of the Framework.

6. Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified at 5 above. (Please note that non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

We suggest that strategic objective 6 is amended by the addition of the following wording:

*"Development and economic strategy that seeks to retain existing employment and foster sustainable economic growth **including appropriate allocations to accommodate overspill employment land requirements from the Black Country**, encouraging inward investment and job creation and key sectors such as advanced manufacturing and providing the skills to enable residents to access these job."*

This would overcome the concern on test of soundness set out at Section 5 above.

(Continue on a separate sheet /expand box if necessary)

Please note: In your representation you should provide succinctly all the evidence and supporting information necessary to support your representation and your suggested modification(s). You should not assume that you will have a further opportunity to make submissions.

After this stage, further submissions may only be made if invited by the Inspector, based on the matters and issues he or she identifies for examination.

7. If your representation is seeking a modification to the plan, do you consider it necessary to participate in examination hearing session(s)?

No, I do not wish to participate in hearing session(s)

Yes, I wish to participate in hearing session(s)

Please note that while this will provide an initial indication of your wish to participate in hearing session(s), you may be asked at a later point to confirm your request to participate.

8. If you wish to participate in the hearing session(s), please outline why you consider this to be necessary:

The emerging plan will fail to deliver enough employment land to meet the overspill requirements of the Black Country. One of the fundamental roles of the plan is to deliver a sufficient amount of employment land to meet economic needs and the plan fails to do this. Given the magnitude of this issue we request the opportunity to address the Inspector to outline our concerns.

***Please note** the Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate in hearing session(s). You may be asked to confirm your wish to participate when the Inspector has identified the matters and issues for examination.*

Representations cannot be kept confidential and will be available for public scrutiny, including your name and/or organisation (if applicable). However, your contact details will not be published.
