Part B – Please use a separate sheet for each representation

Name or Organisation:

3. To which part of the Local Plan does this representation relate?

Paragraph Policy Policies Map

4. Do you consider the Local Plan is :

(1) Legally compliant	Yes	<input checked="" type="checkbox"/>	No	<input type="checkbox"/>
(2) Sound	Yes	<input type="checkbox"/>	No	<input checked="" type="checkbox"/>
(3) Complies with the Duty to co-operate	Yes	<input checked="" type="checkbox"/>	No	<input type="checkbox"/>

Please tick as appropriate

5. Please give details of why you consider the Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.

If you wish to support the legal compliance or soundness of the Local Plan or its compliance with the duty to co-operate, please also use this box to set out your comments.

Policy DS1 – Green Belt, provides guidance on the approach the local authority will take to removing land from the Green Belt. It also identifies the changes being made to the Green Belt boundary in the Plan to accommodate the identified development requirements.

Paragraph 145 of the Framework advises that, once established, Green Belt boundaries should only be altered where exceptional circumstances are fully evidenced and justified through the preparation or updating of plans. Strategic policies should establish the need for any changes to the Green Belt boundary and “have regard to their intended permanence in the long term, beyond the plan period”.

Where local authorities cannot evidence that there is no need to adjust Green Belt boundaries to meet their housing needs, the expectation is that local authorities should remove land from the Green Belt and safeguard it for development in order to ensure that the Green Belt is not continually reviewed through each Local Plan review.

The emerging Plan fails this requirement. As detailed in our representations, the Council’s decision not to review Green Belt boundaries is a flawed strategy because it provides no certainty that the existing Green Belt boundaries can endure beyond this Plan cycle. Furthermore, the amount of land which is allocated

for residential development will fail to meet the HMA's housing needs. No rationale has been provided for this approach which is in direct conflict with the provisions of the Framework.

80% of the land within South Staffordshire is within the Green Belt. If any of the allocations do not deliver as expected and a five-year housing land supply shortfall occurs, or the Council fails the housing delivery test, it may be necessary for the Council to grant planning permission for unallocated sites in order to ensure a sufficient supply of housing is delivered. This will, however, prove difficult if the alternative development opportunities are within the Green Belt. Removing land from the Green Belt and safeguarding it for future development will help avoid this situation arising and is an approach which is promoted by paragraphs 148 (C) and (D) of the Framework.

As published, the Plan is inflexible and could result in significant delays in the delivery of much needed market and affordable housing. It also fails to ensure that Green Belt boundaries will endure beyond the plan period.

6. Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified at 5 above. (Please note that non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Policy DS1 should confirm that safeguarded land has been identified for future development to ensure that Green Belt boundaries endure beyond the plan period, in accordance with provisions of paragraph 148 of the Framework. Additional sites should be safeguarded accordingly for this purpose. Our client's land at Pattingham could be included within the list of safeguarded sites.

(Continue on a separate sheet /expand box if necessary)

Please note: In your representation you should provide succinctly all the evidence and supporting information necessary to support your representation and your suggested modification(s). You should not assume that you will have a further opportunity to make submissions.

After this stage, further submissions may only be made if invited by the Inspector, based on the matters and issues he or she identifies for examination.

7. If your representation is seeking a modification to the plan, do you consider it necessary to participate in examination hearing session(s)?

No, I do not wish to participate in hearing session(s)

Yes, I wish to participate in hearing session(s)

Please note that while this will provide an initial indication of your wish to participate in hearing session(s), you may be asked at a later point to confirm your request to participate.

8. If you wish to participate in the hearing session(s), please outline why you consider this to be necessary:

The Plan is significantly flawed because it fails to identify safeguarded sites for future development. This is an issue that goes to the heart of the Plan, as it could prevent the delivery of much needed market and affordable housing. Because a significant part of the district is covered by Green Belt designation, the absence of safeguarded land is in conflict with the requirements of the Framework. Given the importance of this matter, we would like to appear in front of the Inspector to address this issue.

Please note the Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate in hearing session(s). You may be asked to confirm your wish to participate when the Inspector has identified the matters and issues for examination.

Representations cannot be kept confidential and will be available for public scrutiny, including your name and/or organisation (if applicable). However, your contact details will not be published.
