In respect to Site 119a, Land adjoining Saredon Road (pg. 176, Appendix C), we have accepted this allocation in previous consultations, the allocation takes into account site layout and the adjoining mineral working.

We accept and wish for the key requirement to remain which states, "Site layout and design to be based on an environmental assessment that takes into account permitted mineral operations and avoids additional restrictions being imposed on those operations."

We support this requirement noting that the quarry has a permission to win and work clay and import waste until 21 February 2042 (refer to condition 2 of permission [SS.EA/11](#))
