Policy (EC8) is supported, there are some good public health links made. We'd suggest that consideration be given to whether there is any scope for developing the retail policy further to include an approach that considers older people, for example, provision of rest spaces and public toilets etc.

In relation to hot food takeaways we'd consider the possible inclusion of a further consideration in relation to health impact particularly in areas where obesity is and issue? This could be strengthened by reference obesity data for the district, which we can supply.
