## Part B – Please use a separate sheet for each representation

Name or Organisation:

3. To which part of the Local Plan does this representation relate?

Paragraph  Policy  Policies Map

4. Do you consider the Local Plan is :

(1) Legally compliant	Yes	<input checked="" type="checkbox"/>	No	<input type="checkbox"/>
(2) Sound	Yes	<input type="checkbox"/>	No	<input checked="" type="checkbox"/>
(3) Complies with the Duty to co-operate	Yes	<input type="checkbox"/>	No	<input checked="" type="checkbox"/>

Please tick as appropriate

5. Please give details of why you consider the Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.

If you wish to support the legal compliance or soundness of the Local Plan or its compliance with the duty to co-operate, please also use this box to set out your comments.

Paragraph 5.54 of the Publication Plan (2024) summarises the conclusions of the EDNA stating that *'in terms of strategic employment land, 27.6ha of surplus land (excluding WMI) could reasonably attributed to cross boundary unmet needs in the Black Country FEMA. This increases further to 45.2ha when factoring in an additional strategic allocation at M6 Junction 13, Dunston (17.6ha) that boosts the supply pipeline to ensure flexibility and that the pipeline of sites more closely reflect site take up'* [Savills Emphasis].

We support the principle of cross boundary engagement and recognition of the strategic role that employment sites on the M6 corridor play within the FEMA and sub-region. For the reasons described in response to Chapter 4 and Policy DS4, we maintain our view that the employment land requirement should be higher, and the Local Plan should embed sufficient flexibility to respond to increased demand, notably for I&L development. Our full analysis of employment demand is contained within the accompanying Savills Industrial and Logistics (I&L) Needs Assessment – Addendum Note (May 2024) (Appendix 2) and the Savills Industrial and Logistics Needs Assessment (February 2024) (Appendix 1) and is not repeated here.

We do not agree with the wording of paragraph 5.54, which suggests that M6 Junction 13, Dunston (E30) is only required to address the unmet needs in the Black Country FEMA and not South Staffordshire's own need. The site is capable of meeting the demand arising in South Staffordshire as well as the FEMA, and should not be categorised into meeting unmet needs of neighbouring authorities only. Indeed, the Savills Addendum Note concludes that, regardless of

what demand scenario you consider, the Site is needed to accommodate South Staffordshire's demand.

6. Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified at 5 above. (Please note that non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

It recommended that paragraph 5.54 is amended as follows:

*It concluded that in terms of strategic employment land, 27.6ha of surplus land (excluding WMI) could reasonably be attributed to cross boundary unmet needs in the Black Country FEMA. This increases further to 45.2ha when factoring in an additional strategic allocation at The allocation of land at M6 Junction 13, Dunston (17.6ha) that is required to boost the supply pipeline to ensure plan flexibility and that the pipeline of sites more closely reflect recent take up.*
