(where relevant)

Part B – Please use a separate sheet for each representation

Name or Organisation:

3. To which part of the Local Plan does this representation relate?

Paragraph	<input type="text"/>	Policy	Policy NB6C Embodied carbon and waste	Policies Map	<input type="text"/>
-----------	----------------------	--------	---------------------------------------	--------------	----------------------

4. Do you consider the Local Plan is :

(1) Legally compliant	Yes	<input checked="" type="checkbox"/>	No	<input type="checkbox"/>
(2) Sound	Yes	<input type="checkbox"/>	No	<input checked="" type="checkbox"/>
(3) Complies with the Duty to co-operate	Yes	<input type="checkbox"/>	No	<input checked="" type="checkbox"/>

Please tick as appropriate

5. Please give details of why you consider the Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.

If you wish to support the legal compliance or soundness of the Local Plan or its compliance with the duty to co-operate, please also use this box to set out your comments.

C1. Embodied carbon reporting

We **object** to the policy as written. It is not considered common practice to undertake a whole life carbon assessment. The NPPF (paragraph 16 (b)) states that *'plans should be prepared positively, in a way that is aspirational but deliverable'*.

C2. Limiting Embodied Carbon

We **object** to the policy as written and consider it to be onerous and unjustified. If a "limit" is introduced, further flexibility is required to account for abnormal/unavoidable site-specific drivers of carbon which will influence the ability to limit embodied carbon.

We would note that as part of the FHS and FBS December 2023 consultation the Government has stated, *'The government intends to consult on our approach to measuring and reducing embodied carbon in new buildings in due course'*. It is possible that the Government will set future national targets for embodied carbon through amendments to the Building Regulations. In the context of the Government's December 2023 statement we would anticipate that a future set of national embodied carbon targets would supersede local requirements. In this context we would recommend that a caveat is added to the policy to reflect this.

(Continue on a separate sheet /expand box if necessary)

6. Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified at 5 above. (Please note that non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

We request that the policies are amended as described above.

(Continue on a separate sheet /expand box if necessary)

Please note: In your representation you should provide succinctly all the evidence and supporting information necessary to support your representation and your suggested modification(s). You should not assume that you will have a further opportunity to make submissions.

After this stage, further submissions may only be made if invited by the Inspector, based on the matters and issues he or she identifies for examination.

7. If your representation is seeking a modification to the plan, do you consider it necessary to participate in examination hearing session(s)?

No, I do not wish to participate in hearing session(s)

Yes, I wish to participate in hearing session(s)

Please note that while this will provide an initial indication of your wish to participate in hearing session(s), you may be asked at a later point to confirm your request to participate.

8. If you wish to participate in the hearing session(s), please outline why you consider this to be necessary:

To provide further clarification and oral contributions to the Local Plan hearing sessions.

***Please note** the Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate in hearing session(s). You may be asked to confirm your wish to participate when the Inspector has identified the matters and issues for examination.*

Representations cannot be kept confidential and will be available for public scrutiny, including your name and/or organisation (if applicable). However, your contact details will not be published.
