5. Please give details of why you consider the Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.

If you wish to support the legal compliance or soundness of the Local Plan or its compliance with the duty to co-operate, please also use this box to set out your comments.

Policy HC3 requires proposals for major residential development to provide 30% of all dwellings as affordable housing. The use of the term 'major residential development' in this context requires a definition to save confusion as to what size of development affordable housing becomes a requirement, it is presumed to be the same as that within the NPPF Glossary.

The NPPF is clear that the derivation of affordable housing policies should take account not only of need but also have regard to viability and deliverability and should be used to the provision of affordable housing, as set out in the Viability Study.

The frequent reference to further guidance being provided by the Affordable Housing SPD is noted. The SPD should clarify the Local Plan policy. The SPD is not the appropriate approach for setting new policy and or burdens on delivery, and the Plan should provide clarity at the point of adoption as to what it requires.

It is important for policy set out in the Local Plan and any forthcoming SPDs shows a level of flexibility as the viability of a site needs to be assessed at the time of the application in addition to at the time of the adoption of the Local Plan to ensure developments can continue despite potential global, national and local changes (political/ environmental etc) which could impact viability but is completely out of the land owners/ Developers control.

6. Please set out the modification(s) you consider necessary to make the Local Plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified at 5 above. (Please note that non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why each modification will make the Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

(Continue on a separate sheet /expand box if necessary)

Please note: In your representation you should provide succinctly all the evidence and supporting information necessary to support your representation and your suggested modification(s). You should not assume that you will have a further opportunity to make submissions.

After this stage, further submissions may only be made if invited by the Inspector, based on the matters and issues he or she identifies for examination.

7. If your representation is seeking a modification to the plan, do you consider it necessary to participate in examination hearing session(s)?

No, I do not wish to participate in hearing session(s)

Yes, I wish to participate in hearing session(s)

Please note that while this will provide an initial indication of your wish to participate in hearing session(s), you may be asked at a later point to confirm your request to participate.

8. If you wish to participate in the hearing session(s), please outline why you consider this to be necessary:

We are representing a previous allocated site and consider it is important for us to be present to support the re-inclusion of the former proposed allocation.

***Please note** the Inspector will determine the most appropriate procedure to adopt to hear those who have indicated that they wish to participate in hearing session(s). You may be asked to confirm your wish to participate when the Inspector has identified the matters and issues for examination.*
